

APCP Scotland Region 2015-2020 Plan

Objectives & Strategies

Continuing professional development and education	Support the development and use of evidence to establish physiotherapy as key to health well being and quality of life	Develop both physiotherapy's influence and CSP / APCP's influence and profile, paediatric specific	Increase member engagement in APCP/CSP	Ensure sustained financial viability
<ul style="list-style-type: none">•For each region to provide 2 CPD events per year. (National conference counts as a CPD event)•For a shared training calendar (past and future) to be made and placed on website so overall review of all APCP events available•Standardised course feedback link to be sent electronically to attendees. On receipt of completion, a certificate will be awarded.•All course feedback to be available on APCP website (Scottish committee had reservations as didn't want to offend speakers publicly who got negative reviews•Within 5 years we will have explored the need for study days for paediatric HCSWs	<ul style="list-style-type: none">•To develop sharing best practice opportunities within the local regions using a range of media within the next 5 years (ie a networking event / use of social media/ surveys / promoting use of ICSP)•For regional reps to be given interactive media training by the end of 2015. Regional reps to cascade media training to regional committee•For the region to increase the use of interactive media to complete CPD activities in their area over the next 5 years•Events from other regions to be available via interactive media	<ul style="list-style-type: none">•ARC motions to be on regional committee meeting agenda in spring each year, to be fed back at July national committee meeting•All regions to set up their own hashtag on APCP Twitter and use actively to engage members. This will be reviewed on a yearly basis to see if effective•Standardised agenda to be used for regional meetings•To maintain engagement in Scotland committee with members from all geographical areas, specialties, private practice and support workers•Develop a regional network for Paediatric HCSWs	<ul style="list-style-type: none">•Regional brief to be sent out to members twice a year from regional representative via a range of media•If an individual is offered a bursary, they will be expected to provide a newsletter article within 3 months•Network with local universities to target student membership•Aim to increase Scottish membership•Additional point: To pass APCP information to students on clinical placements•Regional committee to cascade membership benefits to paediatric physiotherapists across regions within Scotland	<ul style="list-style-type: none">•All APCP regional events: prices structured to favour membership•Pledge to members to provide local courses and regional feedback bi-annually•APCP courses will be run locally ensuring that each region will maintain its own financial stability•Develop use of interactive media for meetings to reduce travel costs, time commitment and promote member engagement
