

## APCP CPIP NN 2020-2025 Plan

### Objectives & Strategies

#### Continuing Professional Development and Education

- Maintaining standards of clinical data by providing guidance on training standards and implementation of CPIP nationally and reviewing this guidance annually
- Providing a platform to facilitate CPD opportunities, share experience and information
- Review and update resources and make them available via a shared online document.

#### Support the development and Use of evidence to establish physiotherapy as key to health, wellbeing & quality of life

- To Support the development and use of evidence to establish CPIP as a key health and quality of life measure for children and young people with Cerebral Palsy
- To facilitate the collection and use of data in research.
- Support clinical research by linking with educational institutions.
- To encourage the use of the data recorded to provide an evidence base to support an equitable cerebral palsy care pathway nationally across the UK and Ireland.
- To provide guidance on the information governance and data protection to ensure this is standardised across the national CPIP system
  - To continue to link with HIC Dundee
  - To maintain cohesion nationally of the core data set recorded on the CPIP patient management system.
  - To form a group to agree the national core dataset and change and update this as agreed within the national network group.

#### Develop both physiotherapy's influence and CSP/APCP influence and profile, paediatric specific

- To continue to support and develop CPIP engagement from professional partners and service users

#### Increase member engagement in APCP/CSP/CPIP-UK

- Increase social media presence
  - To set up a Facebook profile within 12 months
  - To have an active Twitter account within 12 months
- To develop an independent website with public and professional pages
- To continue to have representation from all professional partners on CPIP national network committee

#### Ensure sustained financial viability

- To have both face to face and online meetings to ensure regular discussion occurs but travel costs are kept to a minimum
- To continue
