

APCP East Anglia Region 2015-2020 Plan

Objectives & Strategies

Continuing professional development and education

- To have representative from all counties in East Anglia on the Regional Committee and continue to find venues which can host or facilitate regional training and workshops readily at low cost
- Continue to run interesting and engaging courses at a reasonable cost for APCP members within the East Anglia area aiming for 3 per year

Support the development and use of evidence to establish physiotherapy as key to health well being and quality of life

- To have an agreed method of monitoring hips in children with CP as per NICE guidance (underway with CPIP)
- To create an online network within the rRegion to share clinical pathways etc. between different teams and services
- To look into developing an E-Learning platform to be able to complete evening lectures across the Region

Develop both physiotherapy's influence and CSP / APCP's influence and profile, paediatric specific

- Continue to put up APCP posters at all courses and events run within the Region

Increase member engagement in APCP/CSP

- To implement survey across APCP members in East Anglia Region to gauge views on:
 - areas for service development
 - course requests
 - feedback from regional interest groups or current research that could be shared across the region
- To investigate the possibility of developing databases of APCP members in the Region and their specialist interests for information sharing and networking processes, possibly linked to APCP website. And / or a discussion board on the regional website page

Ensure sustained financial viability

- To continue to run courses at cost price to try and keep fees low
- To make use of reps / charities to support funding
